Fifty-first Year | Canyon, Texas, Thursday, January 30, 1947 | Number 48

Frank Kimbrough Was Named Buffalo Football Coach; Will Bring His Assistant at Baylor

Frank Kimbrough, former head football coach at Baylor University, signed a contract Friday with West Texas State officials to coach the Maroon and White football team.

Clark Jarnagin, past assistant coach under Kimbrough at Baylor, has also signed a one-year contract for the same duties at West Texas State. Mr. Jarnagin played football under Kimbrough at Hardin-Simmons and graduated from that school in 1936. He is married and has two children who will move to Canyon in the near future to take up residence. Both Kimbrough and Jarnagin are to report for duty February 1.

Kimbrough is well known in this area, having coached the Amarillo College Badgers through four seasons. His 1933 and 1934 Amarillo teams captured the state junior college championships.

After leaving Amarillo, Kimbrough moved to Hardin-Simmons and gained fame as a coach with several undefeated elevens. In 1941, he signed to coach the Baylor Bears.

While serving with the Navy in the war, the new mentor added more prestige to his coaching career by tutoring the powerful North Carolina Pre-Flight gridders. When the war ended, he went back to Baylor and took over the coaching reins.

In mid-season there was an athletic flare-up in the Waco school but Kimbrough remained the rest of the season to take his charges through their schedule.

"I feel like I am coming back home after being away for a good many years," said Kimbrough. "During the time I lived in Amarillo, I got to know the people well and I am really looking forward to coming back.

"I know that this will be a hard job to take over, but then, any coaching job has many problems. With the cooperation of the many people interested in the Buffaloes, I am sure that we can turn out some fine teams, even with such opposition as Texas Tech and Hardin-Simmons to overcome."

Mr. Kimbrough is presently in Waco winding up his business and is scheduled to return in time to take over his new duties February 1. His family, consisting of his wife, a daughter who is a freshman in college and a son in grade school will not move to Canyon until the end of the present school year.

New Coach

FRANK KIMBROUGH

Moving Day at Court House By February 3

February 3 has been designated as "moving day" for several offices in the court house. An order was passed Monday by the Commissioners Court making changes in order to facilitate work among the county officers.

In order that the Home Demonstration Agent and the County Agent may have adjoining offices so that both may use the same stenographer, Miss Patterson will move into the offices now occupied by the Old Age Assistant official, Mrs. Cummings. Mrs. Cummings will occupy the offices vacated by Miss Patterson.

Mr. Shahan, County Agent, will move from the third floor of the county court house to the offices just west of the one to be occupied by Miss Patterson. The county library has been using this space for the storage of magazines and newspapers. This reference material will be moved to the office by the west door of the court house.

No other officers will be changed at the present time.

Girl Scout Field Director Here

Miss Frances Brown, Girl Scout Field Director, of Dumas was in Canyon last Thursday and Friday and met with the Girl Scout Leaders at the Methodist Church. Miss Brown gave the leaders valuable information on working with the different troops.

Friday afternoon at 1:30 o'clock, Miss Brown met with the Leaders again for more training, and at 3 o'clock she met with the Brownies for games and songs, and at 4 o'clock she met with the intermediate Scouts. There were 58 girls attending the meetings and approximately 12 adults. All the troops were represented.

Mrs. F. M. Hacker is president of the Girl Scout Leaders.

Stork Specials

Mr. and Mrs. Lyle E. Holland are the parents of a baby girl born January 23.

A daughter was born on January 24 to Mr. and Mrs. J. C. Jackson.

A son was born to Mr. and Mrs. C. G. Pond on January 27.

Mr. and Mrs. L. J. Pillans are the parents of a daughter born Jan. 28.

A son was born on January 29 to Mr. and Mrs. Jimmy Holston.

A son was born in Dannie Hynes, Calif., on January 27 to Mr. and Mrs. Terry Earl Rusk. Terry is the son of Mrs. Jessie Rusk of Canyon.

Mr. and Mrs. Bob Hibbets are the proud parents of a son, James Cooper, born in St. Anthony's Hospital in Amarillo on January 21.

On January 18 at St. Anthony's Hospital in Amarillo, twin girls were born to Mr. and Mrs. H. S. Vaughn of Route 1, Amarillo. The little girls are named Linda Sharlene and Glenda Darlene.

Survivors of Vets Must Check on Security by Feb. 10

Many survivors of World War II veterans will lose their rights to full retroactive payments as provided for in a recent amendment to the Social Security Act if claims are not filed before the 10th of February.

J. R. Sanderson, manager of the Amarillo Social Security Field Office, urges the survivors of deceased World War II veterans to contact his office immediately if they believe payments under the new legislation may be possible.

This legislation provided that if a veteran died within 3 years of his discharge, his survivors would be entitled to Old-Age and Survivors Insurance payments if they were not receiving, or not entitled to receive, Veterans Administration payments.

In cases where veterans died before the enactment of the new amendment, August 10, 1946, the measure provides for monthly benefits retroactive to the date of death if the survivors file their benefit claims before February 10, 1947. These payments cannot be retroactive for more than the usual 3 months if claims are filed after February 10th.

MOTHER-IN-LAW CLUB

The Mother-In-Law Club will meet on February 6th with Mrs. G. B. Combs, 1500 6th Avenue at 3 o'clock, for their Colonial Tea. Members are asked to bring dishes for Boys Ranch.

CORRECTION

In last week's News in the story of W. R. Redfearn's death, we stated he was survived by two sisters. Mr. Redfearn is survived by only one sister, Miss Columbia Redfearn of Canyon. Mrs. Worth Jennings, Sr. is a sister-in-law.

Guests last week-end in the Bob Parsons home were Mr. and Mrs. A. T. Smith from Wellington and Alma Smith from Portales, New Mexico.

Educator Talked at Rotary Club Tuesday at Luncheon

Dr. Wm. J. Hutchins of the Danforth Foundation was the speaker Tuesday at the Rotary Club luncheon. He is the father of Chancellor Robert Hutchins of the University of Chicago, and two other sons are well known in the field of education.

The speaker was introduced by Dr. J. A. Hill.

Ordained a Presbyterian minister, Mr. Hutchins has devoted most of his life to education of the mountaineers of the Eastern United States. He was connected with the college at Berea, Kentucky for many years, where the youth is given the advantage of Christian education and the practical ways of life. There he stressed language, industries, independence and loyalty, and religion.

Mr. Hutchins discussed the inadequate school system of the mountains, and the steps which were necessary to educate the natives of the religion. Health is the first consideration of the 2,000 students; building a home; labor on the college farm, in the bakery, in the hotel operated by the college; music and fine arts; and finally religion, are the subjects stressed.

Mr. Hutchins was on his first trip to Texas and was winding up a visit to every state college campus in the state with his visit here.

Visitors were: Horace Griggs, Lon Watson, Tom Cartwright, Arnold Attebury, John Oakes, Morris Browning, Roy P. Eastland, Carl Periman, all of Amarillo; A. Kirk Knott, Mitchell Jones, Eldon Shipp, all of Canyon.

Air Was Full of Dust, Dirt on Wednesday

After a week of high temperature a norther blew in Wednesday morning which brought a considerable amount of dust for a short time, followed by a falling temperature.

Snow was falling over the north part of the Panhandle at the middle of the morning Wednesday.

The temperature has been very high during the past week, in spite of the fact that this is mid-winter.

Salaries of Many County Employees Raised By Court

The Commissioners Court has not increased salaries generally for the elective officials of the county. This question has been discussed only briefly, but no decision reached.

Justice of the Peace B. F. Machen is the only elective official who has received an increase, his salary being placed at $146 per month, which is the maximum for a county of this population.

All men working on the public roads were increased from $175 per month to $185 per month.

The janitor of the court house was increased from $135 to $145 per month.

Legion Auxiliary to Have Initiation on February 4

The American Legion Auxiliary will initiate its new members on Tuesday evening at 7:30, February 4, at the Legion Hall.

Mrs. Vera Cusick, from Amarillo, who is the department president for this District, will be here and bring an initiation team to help conduct the initiation ceremonies.

All Legion Auxiliary members are urged to be present and Legion members will be special guests. A social hour will follow the initiation ceremony.

Dairymen Will Hold Meeting On February 4

Earl Burtz, president of the Randall County Dairy Association, announced that the Association will hold the regular monthly meeting on February 4.

The group will be shown a motion picture, and it was decided that they would meet in Room 1 of the Education Building on the W. T. campus. The building and movie projector has been secured from the college, and it is requested that everyone be present promptly at 8:00 p. m.

Help Keep Canyon Clean!

Memorial Shrubs Are Urged By Planning Group

With the pyracantha, or fire thorn, and the forsythia, or golden bells, adopted as the memorial shrubs for Randall county, many have already been planted, it was announced by Mrs. T. B. McCarter, chairman of the City-County Planning Committee.

This Planning Committee has set a community-wide and county-wide goal and is eager to carry it through. This goal cannot possibly be reached unless each home owner adds one pyracantha and one forsythia or more to his planting program this spring. It is the plan of the committee that Randall county will be remembered by all who visit its city and county homes, as a place of outstanding beauty.

Mrs. C. R. Burrow, representing the Woman's Book Club, Mrs. Levi Cole, representing the Sue Hite Club, Miss Elizabeth Cox of the A. A. U. W. and Miss Lou Ella Patterson, county home demonstration agent, are ready to receive orders from all who want these plants. They are to be planted as a living memorial to those who died in World War II.

Information about prices and and plants may be obtained from the above names and orders will be taken until February 15.

Canyon-Tulia Game Helps March of Dimes Campaign

The March of Dimes' war chest in the battle against infantile paralysis was bolstered by $165.00 thru the proceeds of the Canyon High School vs. Tulia High School basketball game on Monday and Tuesday. All advance ticket sales went to the March of Dimes fund.

However, Randall county is far from reaching its quota of $600.00, Mrs. C. O. Elkins, Campaign Director, announced the first of the week.

These contributions to the March of Dimes will help substantially to guarantee that the National Foundation will be able to meet any future epidemic threat and to carry on its work. Great credit goes to Mrs. Elkins for her splendid work in this campaign.

LAYMAN'S LEAGUE

The members of the Layman's League of the local Christian church will visit the Hereford Layman's League Thursday evening, January 30. Members of the League in Pampa will bring the program.

Mr. and Mrs. John Hammond left last Friday morning for San Angelo where Mrs. Hammond will receive medical treatment.

Baptist Churches of Area Will Hold Revival Meetings

DR. C. E. MATTHEWS

Many Baptist Churches of the Plains will have simultaneous revivals Feb. 9-23, under general supervision of Dr. C. E. Matthews of Dallas, Superintendent of Evangelism for the Baptist General Convention of Texas. He will preach in the First Baptist Church at Plainview at the same time, and pastors and evangelists of the Plains area will meet him once each week for a general conference on plans and methods.

The revivals in Tierra Blanca Association, consisting of churches in six counties on the North Plains, will be under general direction of Dr. Frank Weedon of Dallas, a member of the Evangelistic Staff of the Convention. He will preach in the revival at First Baptist Church, Hereford.

Other churches engaging in the campaign in February include Avenue Baptist Church of Hereford where R. S. Sparkman is pastor, and he will be assisted by Virgil Hunton of Texico; First Baptist of Canyon where Pastor Roy L. Johnson will do the preaching; First Baptist of Dimmitt where Pastor M. J. Lee reports the preaching will be done by L. R. Joyner of Saline, Louisiana; First Baptist of Happy where Pastor W. P. Brian will be assisted by Bruce Giles of Bovina; First Baptist of Tulia where Pastor H. E. East will be assisted by W. E. Barnes of Portales, New Mexico; and Dawn Baptist where J. E. Byers is pastor. A week-end revival will be held at Vigo Park Feb. 13-16, according to announcement of Gerald L. Johnson of Plainview who is pastor there. A similar revival will also be held at Fairview Church, near Wayside, Feb. 20-23, and L. B. Edwards is to be the preacher, according to announcement of Gerald L. Johnson.

These nine revivals are planned to give strength to the whole program for 1947 in these churches, according to announcement of Dr. Roy L. Johnson of Canyon, the clerk of Tierra Blanca Association.

Young Gunman To Be Tried Near Future

A youthful gunman will be brought to Canyon during the coming week for trial on the charge of resisting officers in the north part of the county.

Joseph S. Verissino, aged 16, attempted to break into the C. T. Cline home in South Amarillo. When chased by officers, he drew a gun.

According to his family background he has been in trouble before and has received no family training. He is held in the Amarillo jail awaiting trial here.

New York Columnist Praises Local Girl

Arline Truax, daughter of Mr. and Glenn Truax, is the hit of the "Moonmaids," songsters for Vaughn Monroe's orchestra as far as Earl Wilson is concerned. Wilson is the famed New York Post night club editor. The "Moonmaids" quintet is making a tour with Monroe's orchestra now, and Arline is expected to visit her parents here in the near future.

In his column, Wilson commented that Arline and the other girls had acquired a very professional gloss since he saw them nine months ago. Then they had just been plucked from the North Texas State College campus at Denton after winning a contest, and whisked by air to New York to join Monroe.

CEMETERY ASSOCIATION

The Cemetery Association will meet on Monday afternoon, February 3 and 4 o'clock at Thompson Hardware.

The Boy and the Cookies

Friday Is Final Day For Payment Of Taxes Without Penalties---- Citizens Urged to Pay Poll Tax

The last call is made for the payment of 1946 taxes before the deadline on January 31.

Taxes which are not paid on or before that date will become delinquent on the first of February. Penalties and interest will be added on taxes which are not paid before the deadline.

Randall county citizens are especially urged to pay their poll tax before the closing hours. As usual when it is not election year, interest in poll tax payments lags this year. However, the schools will hold elections this year, and those who fail to pay their poll tax before January 31 will not get a vote. It is very likely that the legislature will submit important constitutional amendments to a vote of the people during 1947. In this case those who fail to be armed with the poll tax receipt will not get to vote. Those who other property must pay their poll tax, or this amount is simply added to the amount of delinquent taxes which they owe.

On account of the liberal discounts which were offered for payments during October, November and December the tax rolls are unusually well cleared up. However, there is always the last minute rush to wind up the collections which are late, and this year will be no different from other years.

Every property owner must keep in mind the fact that the positive deadline is January 31, and after that day the amount of his taxes increases day by day.

Dr. James Russell To Speak at Vesper Service

The vesper service on Sunday evening at 5:00 at the Presbyterian Church will be sponsored by The Guild. Dr. James Russell, West Texas State College, will speak on "Being a Brother in a Complex Society." This will introduce the observance of Brotherhood Week. Special music will be given by Mrs. J. D. Barker, Miss Margaret Barrett, Mrs. Walter C. Bowen, and Mrs. L. H. Owens.

The Youth Fellowship will meet for supper and discussion at 6:00. Miss Lee Mann will begin the series of studies of World Religions by presenting the views of Mohammedanism.

The Presbyterian Church began the New Life Movement on January 1 with a program of advancement for three years. On Sunday morning the pastor of the local church, Rev. Robert W. Jones, will preach on the theme, "The Spirit in the New Life."

Elected January 22 as Commander of the local V. F. W., was Robert Bellah. He will fill the position left vacant by Capt. Roland Black who recently returned to the Armed Forces.

Help Keep Canyon Clean!

Lumpkin Given Promotion By Governor Jester

JAMES LUMPKIN

James Lumpkin, district attorney, has been promoted by Governor Beauford Jester to the position of Associate Justice of the Court of Civil Appeals. Lumpkin is serving his second term as district attorney. He takes the place made vacant by the resignation of Judge William Q. Boyce, who was appointed to the Court by Governor Coke Stevenson before he was discharged from the army where he held the rank of Major.

It is reported there are several applications for the office of District Attorney. Since Lumpkin's resignation becomes effective February 1, it is expected that the Governor will appoint his successor this week.

Insurance on Court House Was Set By the Commissioners

Much time was devoted Monday by the Commissioners Court to the question of adequate insurance on the court house. Under present conditions the building is worth much more than when it was erected in 1908. The question was to reach a fair replacement value so that the county would not take such a heavy loss in case of a fire.

The court finally agreed upon total insurance of $75,000, which covers all types of losses.

The insurance was divided among the insurance firms of Canyon

Scout Council Having Drive For Special Funds

The Girl Scout Council is sponsoring a drive for funds to carry on Girl Scout work in Canyon. Leaders have been encouraged by the interest shown by individuals and business firm's contributions.

At the present time, only a small portion of the people have been contacted, but it is the intention of the council to complete this most worthy drive in the immediate future.

Wedding Plans Are Revealed

At a lovely party Tuesday evening, January 28, at 7 o'clock, Mrs. M. C. DeGraffenried announced the engagement and approaching marriage of her daughter, Jessie, to Mr. Kenneth McDouall of Walla Walla, Washington.

As the guests arrived, each was presented with an envelope containing a crossword puzzle. They were seated at tables to work out the puzzle, and the completed puzzle revealed "Jessie and Kenneth, February 16, 1947." Mrs. Lee Foster won first prize for completing her puzzle and she was presented with a white cyclamen. The "booby" prize was a white carnation went to Miss Bell Schramm.

Guests were then served a buffet supper, after which '42 was played for the remainder of the evening.

Guests included Mrs. Lee Foster, Mrs. Mattie Swayne Mack, Mrs. Paul Rogers, Mrs. J. R. Sharp, Mrs. J. Evetts Haley, Miss Ada V. Clark, Miss Elizabeth Cox, Miss Ruth Lowes, Miss Isabel Robinson, Miss Pearl Black, Miss Ina Stewart, Miss Elva Fronabarger, Miss Novella Goodman, Miss Bell Schramm, Miss Olive Schramm and the honoree and the hostess.

LUNCHEON HELD AT HOME OF MRS. FRED MARSHALL

On January 24, the Edgetown Home Demonstration Club met in the home of Mrs. Fred Marshall for a covered dish luncheon.

Following the noon hour, a business meeting was conducted. Taking part on the program and discussing the subject of "Reading," were Mrs. Thurman Barker and Mrs. J. C. Dowd.

Visitors present were Mrs. R. D. Lowry, Mrs. H. E. Campfield, Mrs. Lula Johnson and Miss Jessie DeGraffenried. Members present were Mrs. R. E. Gill, Mrs. J. C. Dowd, Mrs. E. C. Penick, Mrs. W. R. Forester, Mrs W. I. Wester, Mrs. R. E. Foster, Mrs. J H. Wright, Mrs. O. M. Solomon, Mrs. Geo. Barker, Mrs. W L. Rice, Mrs. M. E. Sorgee, Mrs. W. H. Sparks, Mrs. C. H. Stratton, Mrs. Doug Marshall, Mrs. S. R. Hood, Mrs. G. B. Combs, Mrs. T. M. Thurman, Mrs. Percy Walters, Mrs. Mabel Solomon, Mrs. M. C. DeGraffenried, Mrs. J. R. Sharp and the hostess, Mrs. Marshall.

SUE HITE CLUB MET AT THOMPSON CLUB ROOM

The Sue Hite Study Club held its regular meeting Monday afternoon in the Thompson Club room. Mrs. Chris Wooten discussed "Immigrants in the United States." She cited examples of how different peoples have become Americanized and then in time have given varied and valuable contributions to our democracy.

Mrs. D. M. Foster's remarks on "Race Problems" were directed primarily to the negro situation. Mrs. Foster stated that the main problem is the right of the negro to earn a living and that fifty-one per cent of new jobs created since the war, are closed to him.

At the business meeting, Mrs. T. E. Beard was elected to membership and Mrs. W. W. Nicklaus' resignation was accepted. Mrs. Harold Heard was elected secretary to finish the club year, the office having been made vacant by the resignation of Mrs. Nicklaus. Mrs. Foster, president elect, appointed committees for the coming year.

The following members answered roll call: Mrs. Noble Armstrong, Mrs. Boling, Mrs. A. G. Brant, Mrs. Aubry Crossland, Mrs. Herschel Coffee, Mrs. Levi Cole, Mrs. E. R. Cleavinger, Mrs. Foster, Mrs. Heard, Mrs. Virgil Henson, Mrs. Bob Jarrett, Mrs. Gordon Lyons, Mrs. W. A. Miller, Mrs. M. J. Newman, Mrs. Crannell Tolliver, and Mrs. Chris Wooten.

FRIENDS ENTERTAINED IN ED BOURN HOME

An enjoyable evening was spent in the home of Mr. and Mrs. Ed Bourn on Thursday evening, January 23, by a group of their friends. Several vocal selections were offered by Olin Huff, G. W. Cox, Lyle Bonner and Mrs. E. A. Brown. The group played progressive '42 for the remainder of the evening. A refreshment plate of chicken salad sandwiches, fruit salad, pie and coffee was served to Mr. and Mrs. L. F. Brandon and sons, Mr. and Mrs. J. O. Young, Mr. and Mrs. O. T. Carruth, Mr. and Mrs. G. W. Cox, Mr. and Mrs. Bill Sternenberg, Mr. and Mrs. Wayne McNeil, Mr. and Mrs. Lyle Bonner and children, Mr. and Mrs. Olin Huff and girls, Mr. and Mrs. Ray Metcalf, Mr. and Mrs. E. A. Brown, Mr. and Mrs. S. R. Hood, Mr. and Mrs. Herschel Jennings, Mr. and Mrs. Ferrell Abbott and Betty Burrus.

CO-WORKERS TRAINING UNION ENTERTAINED FRIDAY

The Co-Workers Training Union of the First Baptist Church enjoyed a lovely covered dish supper in the home of Mr. and Mrs. T. H. Knighton, on Friday evening.

Those present were Mr. and Mrs. Lee McLaury, Mr. and Mrs. J. L. Harden, Mr. and Mrs. Lee Allen, Mr. and Mrs. R. D. Oldham, Mr. and Mrs. Ed Phillips, Miss Ona Mae McMurray, Dr. and Mrs. Roy L. Johnson, Miss Eula Potter, Mr. and Mrs. Virgil Henson, Mr. J. J. Boling, Mr. and Mrs. Crews Henry, Dale and Robert Ray, Mrs. Ocall Warden, A. B. Holt, Mrs. Marvelle Long and the host and hostess.

WOMAN'S BOOK CLUB MOLDS REGULAR MEETING

The Woman's Book Club met Wednesday afternoon, January 22 in the Thompson Club Room with twenty-four members present. During the program hour, Mrs. Lee Foster gave a talk on "Are Labor's Policies Changing?" and also directed a forum on the subject.

Mrs. C. M. Dowlen read a paper on "What is the Church's Work?" and led a discussion on that topic.

At the business meeting, the following officers were elected for a term of two years: president, Mrs. R. A. Neblett; vice-president, Mrs. J. Evetts Haley; secretary, Mrs. Ben D. Beck; treasurer, Mrs. William Brune; parliamentarian, Miss Mae Simmons; critic, Mrs. Mary Sligar; Federation Councilor, Mrs. T. V. Reeves.

Mrs. J. A. Hill, retiring Federation Councilor, gave a report on the Legislative Program being sponsored by the Federated Club Women.

Doshier-Gunter Vows Read In Church Ceremony

Candlelight and soft music blended to form an impressive background for the marriage of LaNell Doshier, daughter of Mr. and Mrs. Forrest B. Doshier or Canyon, to James Harley Gunter, Jr., son of Mr. and Mrs. J. H. Gunter of Claude, Saturday night.

Rev. Howard McClure of Brownwood read the double ring service at 7:30 o'clock in the First Presbyterian Church here. While the guests assembled, Mrs. Lee Foster, organist, played Schubert's "Serenade," "Indian Love Call" by Friml and "Clair de Lune" by Debussy. Introducing the ceremony, Mrs. Avent Lair sang "I Love Thee" by Grieg and "Because" by D'Hardelot. The traditional wedding marches were used for the processional and recessional.

White gladioli interwoven through a white arch, flanked by candelabra bearing lighted cathedral tapers and backed by palms, formed the setting for the exchange of vows. George Doshier and Carroll Doshier, brothers of the bride, lighted the candles.

Mrs. Tommy Fowlkes of Fort Worth, bridesmaid, and Miss Mary Jean Webb of Dimmitt, maid-of-honor, wore identical gowns in charteuse faille and net. Their matching half hats had shoulder-length veils and matching mitts completed their costumes. They carried old-fashioned nosegays of violets and purple sweet peas.

Miss Marilyn Nelson of Claude, 5-year-old cousin of the bride, who served as ring bearer, carried the rings on a satin pillow.

H. L. Gunter was his brother's best man and Wade C. Watson the groomsman. H. C. Timms, Ben Wilson and George Conner Wilmoth served as ushers.

Entering on the arm of her father, who gave her in marriage, the bride was resplendent in a gown of white satin, styled with a round neckline of net draped at the shoulders, long sleeves extending to points over the wrists and a full skirt falling into a graceful train. Her fingertip length veil of net and lace was attached to a tiara of seed pearls, and her only jewelry was a strand of pearls, a gift from the bridegroom. She carried a white Bible topped by Vanda orchids and showered with white satin ribbon.

Mrs. Doshier, mother of the bride, wore a brown crepe dress with aqua accessories, and Mrs. Gunter, mother of the bridegroom, wore a green suit with brown accessories. Both had corsages of Talisman roses.

Following the ceremony, the bridal party was honored at a reception in the basement of the church. The attractive serving table was centered with a two-tiered cake topped with a miniature bride and bridegroom and flanked by white tapers and white gladioli. Mrs. George Doshier served the cake and Mrs. Morlan McManigal presided at the punch bowl. Mrs. H. L. Gunter secured names for the bride's book. Cousins of the bride, Misses Sharon Nelson, Carolyn Christian, and Shirley Nelson, assisted in the house party and played musical selections.

The couple is to be at home Feb. 2 in Lubbock, after a wedding trip to Ruidosa, N. M. For traveling, the bride chose an aqua suit with brown accessories and an orchid corsage.

Mrs. Gunter was graduated from Claude High School and Texas Technological College, Lubbock, where she was a member of Phi Upsilon Omicron, home economics honor fraternity, Ko Shari Social Club, The Forum, Book Reviewers, Home Economics Club and the Student Council.

Mr. Gunter was graduated from Claude High School. He is to receive his degree from Texas Technological College in June, where he is a member of the Block and Bridle Club, the Student Council and is listed in Who's Who in American Colleges and Universities.

Mrs. John Enselman of Arlington, Wash., was in attendance at the wedding.

REHEARSAL DINNER

A rehearsal dinner was given on Friday evening, January 24, at the home of Mr. and Mrs. Forrest Doshier, 2608 4th Ave., honoring members of the wedding party.

Those present were the bride and groom, Mr. and Mrs. H. L. Gunter of Borger, Wade Watson of Claude, Rev. and Mrs. Howard McClure of Brownwood, George Conner Wilmoth, Ben Wilson, H. C. Tims all of Claude, Mrs. Tommie Folks of Lubbock, Miss Marilyn Nelson of Claude, Mr. and Mrs. George Doshier, Carol Doshier, Mrs. Lee Foster, Mrs. Avent Lair, Mrs. Genoah Doshier of Clarendon and a special guest, Mrs. Dorothy Enselman of Arlington, Wash., and the host and hostess.

Capt. and Mrs. W. L. Lockhart of Kelly Field, San Antonio and Mr. and Mrs. T. V. Slack visited last Sunday in Tucumcari, N. M.

Hawkins Named Leading Boxer

Fighters Will Journey To State Tournament Early in February

One and one equaled three Saturday night when the sole two contestants representing West Texas State, Kenneth Jones and Willis Hawkins, brought home three coveted trophies from the Globe-News Golden Gloves meet in Amarillo.

Jones, heavyweight, had little or no trouble with his division and won his first fight by a knockout over Tommy Parks of Stinnett. His last fight was a forfeit when his opponent failed to make an appearance in the ring due to injuries received the night before.

Hawkins, middleweight, not only won the trophy for his division, but annexed another trophy as the most outstanding contestant of the tournament.

However, Hawkins certainly had no easy time of it against Jose Alexander Perez of Amarillo. Things looked as though they were going Hawkins' way when he flattened the young Mexican twice in the first round with terrific rights to the head but Perez bounced back an started carrying the fight to Hawkins before the round ended.

The second round was much the same for the amount of action involved but Perez gained a slight edge with repeated left jabs to Hawkins' head which had him holding on at times.

Both fighters were throwing everything but the ring posts all through the third, but a knockdown by Hawkins won him the decision A great ovation was accorded the two contestants after the fight and everyone agreed that Perez was the most sensational loser of the tournament.

Even though the next fight was an exciting one, it seemed dead after the excitement of the Hawkins-Perez fight.

Hawkins and Jones will represent this district in their respective divisions at the state tournament to be held in the Will Rogers Colisseum in Fort Worth early in February.

A. A. U. W.

A. A. U. W. meeting will be postponed until later in the month Time and place will be announced later.

Out of town visitors of Miss Delia Westfall, at Neblett Hospital Sunday were, Mr. and Mrs. T. J. Westfall, Mr. and Mrs. M. V. Fritts, Mr. and Mrs. Nash Folley, Mrs. H. L. Gipson and Mrs. Champion all of Amarillo.

Mr. and Mrs. Lee Foster and Sally left Wednesday morning for Wichita Falls. Mrs. Foster had just received word that her father was very ill.

Mr. and Mrs. W. A. Warren left by plane Sunday for St. Louis, Mo. where they will do part of the spring buying for Warren's store.

Mrs. Faye Cannedy, Mrs. C. O. Cooper and Charles Cooper were visitors in Panhandle last Friday.

Mr. and Mrs. Herbert Slack of Tucumcari, New Mexico visited last week in the T. V. Slack home here.

White House spokesmen are soft-pedaling the big "IF" in the President's estimates of revenues, based on the hope that business activity will top last year's level. Even a slight dip would destroy the slim balance in the Truman budget.

Income tax reductions are a certainty, although the Administration and Congress will agree on a cut of less than the 20% that the GOP originally plunked for.

1947 industrial needs for lead amount to 1 million tons, but only 800,000 tons are in sight from domestic production and scrap.

Test Fever for Mental Cases

Success Only Partial in 16 Trials, Doctor Tells Medical Congress.

NEW YORK.—Use of fever therapy in combination with insulin for the treatment of schizophrenia has produced "partially successful" results, the American Congress of Physical Medicine learned at its twenty-fourth annual session here.

Dr. William A. Horowitz, associate in psychiatry at Columbia university, described experiments with 16 patients as "more or less disappointing." He reported on the combined work of Dr. Franz J. Kallman and Dr. Lenore M. Kopeloff, also of Columbia, and himself.

Heretofore the mental disorder has been treated with some success by introduction of enough insulin to produce coma. Results of this method, however, according to Dr. Horowitz, have been neither complete nor permanent. The addition of fever therapy with insulin has resulted, he said, in the first "partially successful physical approach to the problem of schizophrenia."

Use Steam Cabinet.

In the experiments the patients' temperatures were raised to between 103 and 105 degrees after insulin had been administered. The fever was induced by enclosing the patient in a warm cabinet into which humid heat was introduced.

Dr. Horowitz reported that five of the patients responded satisfactorily, four showed slight improvement and seven remained unimproved. Of the five who showed the best response only one has remained well to date.

"We must continue to search for more certain and longer-lasting methods," he concluded.

A doctor should be a good physicist to use effectively all the tools modern science is placing at his command, Dr. Francis O. Schmitt of the Massachusetts Institute of Technology told the group.

Need Change in Teaching.

He asserted that the successful comprehension of physical matters required special aptitudes "which in general are not possessed by the average pre-med student."

"The difficulty lies not in the degree of intelligences, but in aptitude, preparation and, what may be most important, motivation," he declared. "Many of these difficulties may be reduced by a revision of the mode of presentation of the material."

Dr. Irving Rehman, assistant professor of anatomy at the University of Southern California, demonstrated a new technique in the analysis of functional muscles and the rate and type of the human gait. He reported on an elaborate mechanism by which high-speed X-ray motion pictures could record muscle action and assist in the study of poliomyelitis.

In the work now in progress, he said, he has taken photographs by synchronizing the camera to the X-ray pulse, at one 250th exposure to each frame.

Hotel Clerk Revealed By Death as a Marquis

CHICAGO.—Most of the Chicago friends who attended the funeral of a quiet-mannered bachelor knew him simply as Aymar Terry, 67, who lived in an attic room.

The tall, gray-haired man had lived in Chicago 33 years, working as a bank employee and, more recently, as night clerk in a residential hotel.

But to many his true identity was unknown until his death of a heart ailment.

He was the Marquis Pierre Marie Aymar LeBout de Chateau-Thierry Beaumanior. During the early years of this century he was known in his native France as a mathematical wizard—"the man who can add as fast as an adding machine."

Though he gave up his title when he came to this country, his love for his homeland remained unchanged through the years.

Tin Can House Erected In 1939 Brings $5,000

TAMPA, FLA.—A house built of tin cans and cement in 1939 was sold Saturday for $5,000.

About 12,000 quart oil cans gathered from filling stations went into the house, said Fred J. Grace, its builder and owner. They were placed lengthwise and cemented together. The exterior was finished with stucco and painted. The inside was plastered.

Gray said the one story 20 by 34 foot house was much cooler than the average dwelling because of the dead air space contained in the tin cans. In addition, it is fireproof and takes a low insurance rate.

Fish Story Got a Laugh, But He Can Prove It

VIRGINIA, MINN.—When Harold Lakoskey's friends laughed when he tried to tell about the big one that got away he went on another fishing trip in Hoodoo lake.

And he came back with a better story. He had caught the one that had fooled him the first time, a 20-pound northern pike.

To prove it, he exhibited the fish from whose jaws his original hook, leader and sinker still dangled.

Palo Duro News

In honor of the birthday of Mrs. G. H. Leseberg, Mr. and Mrs. Raymond Tucek and Mrs. Alvina Leseberg entertained with a dinner Sunday. Guests were Mr. and Mrs. C. W. Bauer and family, Mr. and Mrs. Phillip Rickwartz and family, Mr. and Mrs. G. H. Leseberg and Gladys, and Joe Billy Wise.

Guests in the Henry F. Miller home Sunday were Mr. and Mrs. Vance Albers and Carolyn Marie of Lubbock, and Mr. and Mrs. A. E. Kampen of Amarillo. Mrs. Albers plans to spend several weeks with her parents, Mr. and Mrs. Miller.

Miss Helen Schuette spent Sunday in the Fred Schuette home.

Marvin Albers left Sunday for Winfield, Kansas, where he will enter St. John's Lutheran College.

Mr. and Mrs. John Albers of Lubbock spent Several days this week in the E. H. Albers home.

Mrs. Alvin Roberts of Toledo, Oregon, is visiting in the home of her mother, Mrs. Ida Rogge.

Miss Betty Schuette accompanied Rev. M. J. H. Hartenberger to Tulia Sunday where she served as organist for the newly organized Lutheran Mission.

Members of the Trinity Walther League of Amarillo participated in a skating party at the Roller Palace in Amarillo Monday evening.

Mr. and Mrs. Edward Otting of Amarillo spent Sunday with Mr. and Mrs. George Albers.

The Lutheran Ladies Aid will meet on Thursday, Feb. 6 at the home of Mrs. Bradley Burrus.

EPISCOPAL CHURCH

Sunday, February 2, Sunday School will be held at 9:45 o'clock and Morning Prayer and Address will be at 11:00. Mr. G. E. Clark is Lay Reader. On Friday, January 31, Confirmation Instruction Class will meet at the Little House of Fellowship at 7:30 p. m.

At the last business meeting of the church, the following vestery was appointed: C. L. Joyner, warden; Dr. D. B. Gragg, Dr. C. W. Martin and G. E. Clark.

CARD OF THANKS

We wish to express our thanks for all the kind deeds during the illness and death of our loved one. Mrs. Zelma Axe and sons, Mr. and Mrs. F. J. Axe, Mr. and Mrs. H. L. Axe and family, Mr. and Mrs. Fred Axe, Mr. and Mrs. Anderson Axe, Mr. and Mrs. W. P. Axe and family.

NEWT HILEMAN SICK

Newt Hileman has been confined to his room for the past two weeks as the result of a stroke.

Mrs. Essie Lee Lindsey and daughter, Bertha Lee, visited last weekend in Wichita Falls with Mrs. Lindsey's brother, W. E. Rampey and family.

Highland News

The road graders arrived in the community Saturday so our roads will soon be in good shape.

Bobbie Walton spent the week end with Mr. and Mrs. Harry Fuqua at Pampa.

Mrs. Carl Fuqua called on Mrs. Geo. Mason last Friday.

Mr. and Mrs. Truman Miller moved into the house they purchased from Mr. Elam last week.

Mr. and Mrs. Earl Norman and Terry spent Friday at the L. J. Fulton home.

Mr. and Mrs. Carl Fuqua had dinner at the Howard Fuqua home Sunday and supper at the Jack Cage home.

Mrs. Edith Walton of Amarillo received word that her son Tom, who lives near Hot Springs, N. M., suffered with a heart attack.

Wildorado is still having picture shows on Friday night except when there are other community affairs.

Two more heaters were installed at the Methodist church at Wildorado last week.

Mr. and Mrs. P. M. Elrod visited their daughter and family of Petersburg near Plainview.

Mr. and Mrs. L. J. Fulton visited at the Carl Fuqua home Friday evening.

Miss Patterson called on Mrs. Carl Fuqua and Mrs. Jack Cage last Wednesday afternoon after she met with the Wildorado 4-H Club.

Luther Mason plans to irrigate his wheat this week.

1930 BRIDGE CLUB WITH MRS. C. H. JARRETT

Hostess last Friday afternoon to the 1940 Bridge Club, was Mrs. C. H. Jarrett. Maroon snapdragons decorated the entertaining rooms. An attractive salad course was served to Mrs. C. R. Burrow, Mrs. S. L. Ingham, Mrs. A. K. Knott, Mrs. F. E. Savage, Mrs. D. A. Shirley, Mrs. R. A. Terrill, Mrs. C. W. Warwick, and a guest, Mrs. Joe Gamble of Amarillo.

PRESBYTERIAN AUXILIARY WITH MRS. CLEAVINGER

The Presbyterian Auxiliary met in the home of Mrs. M. E. Cleavinger, with Mrs. L. A. Donnell as assistant hostess. Women of the church were present to hear Mrs. A. B. Haynes, Synodical Secretary, on the subject of Christian Education. She gave an interesting talk on the work that is being done in this field by the Presbyterian Church, U. S. A.

Refreshments were served by the hostesses of cherry pie, whipped cream, tea and coffee.

Out of town visitors in the home of Mrs. E. B. Fee Sunday were Mr. and Mrs. M. V. Fritts, Mr. and Mrs. T. J. Wesfall and Nita, Mr and Mrs. Nash Folley of Amarillo and Mrs. T. C. Westfall, Gene and Darlene, and Mrs. Jim Westfall of Pantex.

SISTER, MRS. D. M. FOSTER CANDIDATE DISTRICT PRES.

The Federated Clubs of Memphis have unanimously endorsed Mrs. D. L. C. Kinard as a candidate for the presidency of Seventh District of the Texas Federation of Women's Clubs for the term of 1947-1949.

Mrs. Kinard is a sister of Mrs. D. M. Foster of Canyon.

CARD OF THANKS

We wish to thank everyone for the many kindnesses shown us and the floral offerings at the death of our husband and father. Mrs. G. W. Johnson, Mr. and Mrs. A. L. Walsh and son, Mr. and Mrs. W. G. Johnson and daughter, Mr. and Mrs. J. W. Johnson and son, C. W. Johnson, and Helen Johnson.

Mrs. T. H. Knighton, Mrs. Ed Phillips, Mrs. Lorenzo Wirt, and Mrs. A. G. Brant attended a Woman's Missionary Society meeting at the First Baptist Church in Dimmitt, Monday. Mrs. Knighton taught the Community Missions class at the meeting.

Lieut. and Mrs. W. J. Wooten, Jr., are here on a 10 day leave from Camp Hood, where he is serving in the Dental Corps of the Navy. He expects to receive his discharge about the first of July.

Mrs. Dan K. Usery went to Bethany, Oklahoma last Saturday to attend the funeral of her uncle, Andrew Ridings who died last Friday night. She returned to Canyon late Sunday evening.

Week-end visitors in the T. S. Stevenson home last week end were Mr. and Mrs. R. A. Hodges of Tulia, and Miss Mary Crum of Amarillo.

Howard Cox of Big Spring visited last week-end in the home of his mother, Mrs. Pennie Cox. Mrs. Cox's brother, George Cox and family, also visited in her home.

Scoreboard Assured As Funds Materialize

The proposed electric scoreboard, purchase price now a reality, will in all probability be up in time for the Tech game. According to Hank Decker, who is in charge of purchasing it, the electric clock will likely be here within the week, and can be installed in a half day.

He assures the students that it is among the best, being a regulation college scoreboard with a lighting system offering a variety of information.

Although little more than half the necessary funds were raised as the result of Friday night's "Scoreboard Stomp," Bob Clark has agreed to head a committee to raise approximately $130 to finish paying for the clock.

Through cooperation of the T Club, West Texas Collegians, the Swing Band and Type High, the dance Friday night, offered added attractions in the persons of Thelma Mercer and Bill Hutchinson as vocalists and Glenn Smith as featured trumpet soloist.

An estimated 150 couples attended the dance while about $20 was doanted toward the purchase of the scoreboard.

Fairview Breezes

The Rev. Johnson preached two excellent sermons Sunday. We had 44 out for church and Sunday School.

Mr. and Mrs. E. P. Wesley visited Monday night in the paternal J. W. Wesley home.

The E. M. Wilsons, G. E. Wesleys and Hollis Shipmans, butchered hogs last Tuesday.

Mr. and Mrs. E. M. Wilson and Darrell visited Mr. and Mrs. Frank Rogers and Mrs. Gordon Foster who is ill at Happy.

Mrs. Serena Bryan is on the sick list.

Mrs. Orene Rogers was sick with flu the past week.

Mrs. E. W. Schaeffer sponsored a Stanley's Products demonstration in her home last Thursday.

There were 26 people from this community who enjoyed the music and stunts at the Western Stockyards stomp Saturday evening.

Mr.s E. W. Schaeffer honored her daughter Annabelle with a lovely birthday dinner Sunday. Those attending were Mr. and Mrs. G. E. Wesley, Mr. and Mrs. J. W. Wesley, Misses Vesta and LaVinia Amerson, Mr. and Mrs. Hollis Shipman and three children, Mr. and Mrs. Charles Wesley, Ronnie and Charlene, Mr. and Mrs. A. E. Wise and Uel and Mary. Mr. and Mrs. E. M. Wilson and Ervin and Darrell, Rev. and Mrs. Johnson and Stevie and Raford Shipman and Fayerene Shipman from Plainview.

Mrs. H. H. Shipman had the misfortune of getting a badly bruised eye and her lens to her glasses broken in attempting to remove the gas cap from a light.

The A. E. Wise family is sporting a new V-8.

From Famine to Feast will be the 1947's meat story if Government production goals are realized. They provide 155 pounds per capita, 10 pounds more than in 1945 and higher than any year since 1911.

Baptists Begin New Magazine

Southern Baptists announce the publication of a new magazine entitled "Home Life" which made its appearance in January with a circulation of over 200,000. The primary use of the magazine will be among home members of the Sunday School Extension and Cradle Roll Departments, according to announcement of the Canyon pastor, Dr. Roy L. Johnson.

Joe Burton, editor of the magazine published in Nashville, Tennessee, says the popular size monthly will endeavor to make a contribution to the stability of the homes in these changing times. Beautifully illustrated, the stories will appeal to those who seek an inspirational magazine, which at the same time carries Scripture comments on the International Sunday School daily Bible readings, which make it adaptable also for the daily private devotional period or the family altar of worship. Dr. Burton is a native Texan with ten years experience in the editorial field.

Distribution of the magazine in Canyon will be directed by Mrs. T. T. Fain, Superintendent of Extension for the Sunday School of First Baptist Church, and Mrs. Tom W. Langston, Jr., Superintendent of Cradle Roll Department in the local church. Each will be assisted by about half a dozen visiting helpers.

Wayside News

Rev. Henson and family of Plainview were with us Sunday and he filled the pulpit.

Mr. and Mrs. Emmet Lemley of Canadian visited over Sunday in the Melton McGehee home. Mr. Lemley and Mrs. McGehee are brother and sister.

Mrs. E. A. Franklin spent part of last week in the J. S. Sluder home in Happy.

W. R. Franklin was a business caller in Claude Saturday.

Mrs. John Patterson and girls were Amarillo callers Saturday.

Mr. and Mrs. Melton McGehee have moved into their new home.

We are having lovely spring like weather.

Mrs. Maggie Culwell is having her house she has lately had moved to Canyon, remodeled. It is south of the college.

Quarterly conference next Sunday, Feb. 2, at Wayside church. Lunch will be served at noon. Everyone is invited to come.

Help Keep Canyon Clean!

Only 5 million cars are being driven on winter vacation trips this season due to car shortage and below par condition of cars in use—a drop from 8 million in 1940-41.

Foreign demand for American goods is expected to zoom to $12 billion during 1947. Imports are also expected to jump from last year's $4½ billion to nearly $6 billion.

Editorials

It is evident that for once the teachers of America have the ears of the people in their demand for a living wage. For the first time the people generally are backing the teachers' demand for an increased salary, one which will compare with that paid at least to common labor today. The weakness of the salary system in our schools is that fact that young, inexperienced teachers are often paid practically the same salary as that paid those who have had many years of experience, and have taken further training during the summer months. When a worker in other lines improves himself through added training, he is usually rewarded by an increased salary. In the teaching profession he is expected to invest his extra income in improving himself in the profession. That is not a square deal. The present salary demand is not out of line with the lopsided war wages which the government lavishly threw out to unprepared and unskilled laborers, who claimed to be skilled workmen. But the teachers are not to blame for this. The mistakes of the war will be paid by increased taxes from each and every American throughout the coming years. The people whom we feel sorry for in this demand for increased teacher salaries are the members of the school boards who are confronted with the problem of raising the money. Every trustee wants to increase salaries, but where is the money coming from? The trustees are faced with the problem of the constitutional limit on taxes, and a taxpayer who is not sympathetic to any move which will cost him increased taxes. There is just one answer: Those of us who wish to see teachers paid a better salary had as well make up our minds that we will have to shoulder the bill, and pay our part in additional taxes.

We heard a speaker the other night talking on conditions in Burma, where he has been a medical missionary for many years. He told of the great respect the natives had for America because of the good conduct of our soldiers. Burma saw the men of five armies during the war, but the Americans were the only ones whom the natives trusted or respected. Why not? Our army was made up of civilians, the boys from Randall and other counties. They were not professional soldiers in any respect, and did not take with them the cold blooded attitude of the professional soldier. While the American soldier may not have been as gentlemanly as he should have upon all occasions, the rank and file of the vast army certainly gave a good impression wherever it went. But what about the thousands of blankets burned in Burma, rather than given away? And what about the millions of dollars of foods and supplies which could have gone to save starving people, but was destroyed to save a lot of red tape? These are black spots, and the reason why you will be paying heavy taxes for years to come.

We do not know yet what elections will be held in Randall county this year, but we do know that a lot of citizens will not have a poll tax receipt unless they get busy by Friday night. It is unfortunate that the poll tax receipt is connected solely with the voting privilege. As a matter of fact the money goes into the school fund, and certainly there was never a time when our schools needed more money than this good year of 1947. Personally, this is the first year that the Newsman is not required to pay a poll tax—and we feel pretty cheep about it. Just why should we be exempt from a mere $1.75 when the future of the community and the state depends so much on our schools? Of course we understand that the United States Supreme court has virtually knocked out the poll tax, and many Texans are demanding a "free" vote. We have always been of the opinion that an intelligent vote was more important than a free vote; and that anyone who refused to vote because of the cost of a poll tax was a mighty poor citizen to be hollering about his rights. What about the rights of the kids who depend upon that little contribution?

Members of the Panhandle Press Association are reminded that the 38th Annual Convention will be held in Amarillo April 11-12. The directors attempted to change the date for the benefit of any who might want to attend the Fort Worth Convention of the National Editorial Association, but could not get hotel accommodations on another date. At a recent meeting of the directors the Newsman agreed to serve two more years as secretary—unless kicked out before that time—until the 40th annual convention is held in 1949. At that time we shall have been a member of the association for 38 years, and that is long enough to be hooked up with the management of any association.

We see where the Democrats are going to punish Senator W. Lee O'Daniel for voting with the Republicans as the sole Democrat to support a bill for a complete war investigation. Why do the Democrats fear such an investigation? Do they know too much, or know their good constituents who who know too much? While America was winning the war through greater production and loyal support of most of our people, the nation was being robbed to the tune of billions of dollars. We were promised that the war would not make any millionaires. Instead it made billionaires. Why are the Democrats of Congress afraid of an investigation which might show up some of this newly rich crowd?

We see where it is proposed to saddle the deficit of the postoffice department off on the newspapers by raising postal rates. The department runs into the red every year. Why? The government floods the mails with silly and useless publications and propaganda; it renders every kind of free service; and then wants the newspapers to pay off the difference. Of instance, if you get your mail at the postoffice, which maintains a large crew of men, you pay a nominal rent for a box. But if you have your mail delivered on a route or by city delivery, you pay nothing. During the war the department gave away millions of V-Mail stationery in order to educate the people in its use. It looks like all newspapers will be forced to radically increase subscription rates if this new plan is made effective.

We see that the Nazi party in Germany is about to break out again. The plan is supported by the demand of American troops to come home, and the further insistence of the people to reduce the cost of army support. While all of us are anxious to see the boys brought home on the one hand, and to see the government cut out useless taxes, we must keep in mind the thousands of lives lost and billions of dollars wasted in two wars to suppress Germany. Are we breeding another war?

General George Marshall, new Secretary of State, announces that he is not a candidate for president. How strange! When the Republicans took over the first of January it was warned in Washington not to throw any brick bats into the Republican section as you would certainly hit a potential candidate for president in 1948. So far President Truman holds the center of the stage as the only serious candidate on the Democratic ticket. But 1948 will soon be around, with plenty of candidates.

Members of Congress were astounded to hear that the congressional bank in Washington was broke, the funds having been dissipated. We hope that members of Congress will keep this in mind: Just what kind of a mess will we have in America if the affairs of the entire nation are dictated by Washington? We have plenty of fellows in the nation today who think that the government should run everything—and make a mess of it.

THOMAS A. EDISON

It is a good thing to remember that the wonderful electric development which the United Stateshas enjoyed, and where electricity is in more universal use than any place in the world, was brought about by the courage and initiative of individuals.

In recognition of one man who did more to provide electric service for the world than any other, the Thomas A. Edison Centennial will be celebrated throughout the country February 11, by electric power companies, professional societies, electric leagues, and other business, civic, and educational organizations.

It is no exaggeration to say that Thomas Edison made possible more appliances to lighten the work and provide amusement than any other individual. After Edison conceived an invention, industry pioneered the way in making its use practical and economical for the average citizen. It would be impossible to estimate the benefits flowing to mankind as a result of Edison's imagination The ramifications of the use of electricity after his perfection of the incadescent lamp in 1879 are too varied to enumerate.

The Edison Centennial is a fitting tribute to the man who made electric service for the world possible. By the same token, it reflects credit on the individuals and companies who provide electric service at a cost within the reach of every pocketbook.

The record of Edison's achievements is a testimonial of what the United States stands for—opportunity—no limit on the exercise of talent and initiative.

When you turn an electric switch on February 11, play your phonograph, see a motion picture, or enjoy any one of the countless uses of electricity, pause a moment and think of Thomas Edison, a typical American who made these things possible.

SALVATION OF THE COUNTRY

The Rural Electrification Administration has requested that Congress give it $250,000,000 for lending purposes—plus a $5,500,000 administrative budget.

Coming at this time, that is a curious request indeed. The private utilities of the country are in the midst of the most ambitious, far-reaching rural electrification program in history. The goal which the utilities are confident will be reached on schedule if manufacturers are able to supply them with the necessary materials, is to bring all the farms in America, with the exception of extremely isolated operations, within easy reach of power lines by the end of next year. The cost will be about $300,000,000 and every dime of it will be private capital, which will create new and permanent taxpaying assets.

It should be obvious to us all that the salvation of this country, with its high standard of living and its $260,000,000,000 debt, lies in the encouragement of private enterprise. Government solvency depends upon the maintenance of tremendous revenues as well as on budget reduction. Only producing industry can give us the taxes, the jobs and the opportunities we must have.

That is why REA appropriations, and the appropriations for all other activities which compete with business, should be eliminated as soon as possible. Free enterprise, not socialized enterprise, made us great and can keep us great.

THE WAY STATE MEDICINE WORKS

Those who favor socialized medicine would do well to implement theory with practice by visiting a clinic in England where the doctor is an employe of the state, and what amounts to universal compulsory medical insurance is in effect.

Your visit would follow a pattern much like this. You would wait in an anteroom with forty or more other patients. At a given time, the doctor would arrive and request all patients suffering from colds to rise. Each one would be given identical medicines. He would then have all those with headaches arise—and again, the same medicants would be dealt out. Only a few patients, whose real or imagined ailments fell into no easily separated categories, would be given individual attention and treatment. Even in their case, the visit with the doctor would be extremely brief and almost completely impersonal.

That description is not an exaggeration—it is the way socialized medicine is conducted in England, according to many eminant authorities who have studied the system on its own ground. The doctor is not to blame—he is compelled to care for a prescribed number of patients whether he has the time to properly examine and treat them or not. People insist on going to the doctor whether they really need attention or not, on the grounds that the service is paid for and they want their money's worth. And the patient who really needs careful individual care gets the short end of the stick.

Socialized medicine, or government controlled medicine, would produce the same unsavory results here. If we ever permit the bureaucrat to dominate the healing arts, the health of all will suffer.

MUSIC-ARTS CLUB MET WITH MRS. SANDERS MONDAY

Interesting phases in the life of "Tschaikowski" and recordings of a few movements of his outstanding compositions were studied by Music Arts Club members Monday evening in the home of Mrs. Dan Sanders.

In Miss Margaret Barrett's discussion of the life and works of the composer various outstanding influences were stressed, not the least of which was his early home training and schooling. He was reading and writing German and French fluently, as well as his native Russian when he was six years old. This talent, together with his wide travel of all Europe gave his music a continental flavor which was not wholly Russian. He showed no special musical talent when young, and he was 23 before he decided to devote himself to music and composition. He received his greatest moral as well as financial support from a Madam Von Meck, whom he knew only through correspondence. This friendship lasted for 13 years, during the period of his greatest works which include several operas, 107 songs, six symphonies, symphonic poems, overtures, and piano and violin concertos.

Recordings played of the first three movements of the symphonic poem, "Romeo and Juliet" and several movements of his Fourth Symphony emphasized points brought by the speaker. Miss Ada V. Clark was in charge of this part of the program. Mrs. Glenn Truax sang "None But the Lonely Heart" and "The Pilgrim's Song" to illustrate the melancholy that pervades so many of his works. Mrs. Herschel Coffee played the piano accompaniment.

A refreshment plate was served by the hostess assisted by her daughter, Miss Ellen Sanders, to Mrs. Ples Harper, Mrs. Newton Harrell, Mrs. L. F. Sheffy, Mrs. Wallace R. Clark, Mrs. H. A. Brown, Mrs. Coffee, Mrs. Truax, and Misses Ada V. Clark, Margaret Barrett, Olive Schramm and Matilda Gaum, a new member.

HIGHLAND CLUB MET WITH MRS. MITCHELL

The Highland Home Demonstration Club met on January 21 in the home of Mrs. Francis Mitchell. Roll call was answered by the most interesting story or new articles that members had recently read.

The program subject for the afternoon was "Why is Reading Such an Important School Subject." Those taking part on the program were Mrs. L. E. Mason, Mrs. M. L. Cribbs, and Mrs. Clyde Jones.

Refreshments were served by the hostess to Mrs. Ross Grantham, Mrs. L. E. Mason, Mrs. J. L. Cribbs, Mrs. George Cook, Mrs. Cretsinger, Mrs. A. N. Green, Mrs. Kenneth Broaddus, Mrs. L. Cotter, Mrs. T. T. Jarnagin, Mrs. Fulton, Mrs. Jones, and Mrs. Leonard Tidwell.

Umbarger News

Mr. and Mrs. Conrad Westhoff and family were dinner guests in the home of Mr. and Mrs. Bill Kleinsmith.

Mr. and Mrs. Raymond Batenhorst and family spent Sunday afternoon in the home of Mr. and Mrs. Henry Batenhorst.

Mr. and Mrs. John Detten and family spent Sunday in the home of Mr. and Mrs. Frank Grabber.

Mr. and Mrs. W. P. Jansen and family and Mr. and Mrs. Max Hoffman and family spent Sunday afternoon in the home of Mr. and Mrs. Albert Fischbacher.

Elroy and Harvey Artho and Richard Friemel spent Sunday afternoon in the home of Mr. and Mrs. Eugene Frische.

Mr. and Mrs. Charles Crouch spent Sunday in the home of Mr. and Mrs. F. V. Friemel.

Mr. and Mrs. Bill Wolf and family spent Sunday in the home of Mr. and Mrs. Eugene Frische.

Those exchanging visits Sunday were: Annie and Catherine Koch with Sadie and Betty Higgins, Jo Ann Hollenstein with Barbara Raef, Helen and Martha Hoffman with Rose Bedenk, Genevieve and Bernice Beckman with Elizabeth Anne Beckman, Jeanie Friemel with Estella Friemel, Eugene, Carl and Gotfried Rrische with Eugene and Bernard Grabber, Oscar and Melvin Prizilas with Albert and Bernard Hartman, Linda Hughes with Charline Friemel, Johnny Beckman with Willy Artho, and A. G. Hollenstein with Tommy Raef.

Many plant expansions planned by chemical and plastic companies for 1947 will not be completed until 1948 or later. Reasons: Building materials shortage, inflated construction costs.

Carelessness and Ignorance Spread Disease in State

"Carelessness and ignorance represent two of the most powerful factors in spreading communicable diseases from man to man. No more emphatic example of this fact exists than the continued ravages of tuberculosis. In spite of the knowledge of its cause and spread, and of curative methods, tuberculosis is still a very serious problem not only in Texas, but throughout the United States," states Dr. Geo. W. Cox, State Health Officer.

"It is true that tuberculosis no longer is first on the list of killing diseases, as it was formerly," Dr. Cox said, "but despite having been reduced to fifth place in Texas, it still is responsible for more deaths deaths between the ages of fifteen and forty-five than any other diseases. And this fact exists even through the majority of tuberculosis patients could have their condition arrested if it were recognized early and proper treatment applied.

"Treatment of the early recognized case is essential. It is of equal importance, from a public health viewpoint, that the spread of this devastating infection be prevented. A more intelligent appreciation of this fact would result if the saving of thousands of lives.

"When a diagnosis of active tuberculosis has been made, examination of all of the other members of the immediate family should follow as a matter of course. Tuberculosis runs in families, not because of any especial susceptiblity to the disease, but because it is communicable, being usually transmitted through close and prolonged contact with the active case."

To reduce the number of deaths caused by tuberculosis, Dr. Cox suggests periodic examination of all adults, a check-up by physicians of the known active cases and contacts, regular examinations of high school children, isolation or hospitalization of hygienic living principles.

Fats and oils will continue short this year. But 1948 production (10.3 billion pounds) will at least balance supply and demand, possibly provide surplus.

Yes—a Quiz!

on something new and fascinating—

Golden-hued Dirilyte

Q. What is Dirilyte?

A. It's a wonderful new metal alloy, the color of polished gold.

Q. How is it being used?

A. It's being made into excitingly beautiful knives, forks, spoons and dishes that bring a dazzling new sunshine to the table.

Q. How does it compare with silver in durability?

A. It's harder than sterling, and very scratch-resistant.

Q. How does it compare with plate?

A. It's solid, not plated — with Dirilyte there's nothing to wear off!

Q. What do stylists say about it?

A. They're mad about it. It makes possible such dramatic new color schemes. And it harmonizes with gold-decorated china and crystal — the only flatware that does!

Q. Can it be used in both period and modern settings?

A. Yes! The Regal pattern, with curved handles, is lovely with period china. The Empress pattern, with straight lines, is stunning for modern tables.

Q. Is it expensive?

A. No. It costs no more than good plate!

Didn't we say at the start that Dirilyte is fascinating? Come and see it . . . discover the dazzling glory of a table set with Dirilyte . . . discover the beautiful color harmonies you can plan with Dirilyte and your present linens, china and crystal . . . and discover its amazingly moderate cost!

50 Canyon High Scholars Attain Honor Roll for First Semester

Marion McReynolds Leads Classes, Making Six A's

According to the records of the last six-weeks of the first semester students in Canyon High are increasing in intelligence. There are 50 on the honor roll which includes pupils making three A's and up.

Freshman Marian McReynolds heads the list with six A's to her credit.

Next highest with five A's are: seniors, Gracie Boyd, Dorothy Gafford, Frances Gooch, Betty Ann Miller, and Larry Roush; juniors, Guy Brant and Jean Hill; freshman, Donna Edwin; and seventh, Dorothy McReynolds.

Those students attaining the four A mark include: seniors, James Guthrie, Louise Blewett, Bill Davis; juniors, Max Bellah, Geneva McDougal, Joan Morton, Frances Standley, Martha Wilson and Valeta Haines; sophomores, Mable Ann Graham and Sarah Jane Martin; freshman, Albert Craig and Mary Elizabeth Jennings; eighth, Merle Jean Bullard and Don Johnson; seventh, Shirley Erwin, Teddy Howell, and Richard Sanders.

Making three A's are: seniors, Odessa Scruggs, Geraldine Small, Helen Spencer, Maxine Barnard and Othella Pruitt; juniors, Nancy Nicklaus, Pauline Seales and Clifford Burtz; sophomores, Jo Ann Bullard, Janie Forester and Jimmie Lindsey; freshmen, Leo Erwin, Dana Lou Rice, Bruce Winn, Norris Root, Mary Ruth Hill, Martha Hales, Jerry Ann Foster and Antonio Hernandez; eighth, Opal Joyce Brant; and seventh, Raymond Bennett.

Eagles Walk Over Basketball Rivals

Series of basketball games Thursday and Friday nights mostly proved victorious for the Canyon High teams.

Thursday night at Hereford, the Eagles caused their long-time rivals, the Hereford Whitefaces, to bow to them for three games.

Starting, the Junior team overpowered Hereford's junior team with a final score of 38 to 15. Joe Abbott led his teammates by scoring 15 points. Second high scorer was Billy Joe McCarter with 8 points.

Because the Hereford girls' club had disbanded, Canyon's "B" team played. They kept the Whitefaces scoreless in the first quarter, but the final score was 34 to 9. Guthrie led the scoring with 8 points while James Inman followed with 7.

Billy Abbott led the "A" team to a close victory by making 8 points. The score stood 21 to 20 at the end of the game after Canyon had led most of the game by a few points.

Friday night at Dimmitt the Eagles lost two games. The "B" team started off with a bang, but finally fell to the score of 27-24. Meade Michael tallied 7 markers, and James Inman got 6.

Fighting to the bitter end, the Eaglettes were downed by the Bobbies 29 to 13. Martha Jean Avent sank 6 points, and Wanda Jean Edwards followed with 5.

Eaglettes Enter District Meet

Panhandle will sponsor the District Tournament for girls' teams, February 21 and 22, which will feature double eliminations and a consolation prize.

For the first round the Eaglettes hold a bye, but they will meet the Lakeview team, who won second place in last week's tournament at Canadian, in the second round.

Superintendent Wooten substituted for Miss Grace Aaron, CHS instructor of girls' physical education, at a meeting of district officials in Amarillo last Thursday where the plans for the district tournament were made.

Miss Aaron was overseeing the Eaglettes on a road trip to Hereford, where the squad won the night's game 2 to 0, due to the Hereford teams defaulting. The Hereford girls have disbanded as a basketball team, and are now training for volleyball.

THAT'S ALL, BROTHER!

Well, aren't we cute!

Yes, we're just about the most clever funny-guys since Bob Hope, aren't we?

The teacher asked a civil question, "Who is the governor of Georgia?"—and the local comedian quips, "It ain't Uncle Remus, kiddies!"—or some other such amusing remark. Or perhaps some student is having difficulty with an algebra problem, but do you get any help from the "wise guy" of the moment? Not quite—"Don't tell me your troubles. I'm not your chaplain." Then we stagger into the aisles and collapse. "Oh, brother, am I sharp!"

A sense of humor is a most admirable trait in anyone of course, but there's a time and place for everything and some of us simply insist upon going too far. Every time anyone opens his mouth you drown him out with your wise crack. At first you're just too, too, but as time marches on, it becomes a bit nerve wracking. Most of us are guilty of the "funny-guy" act. We make cute remarks until it becomes a habit, but let's see if we can't restrain ourselves just a bit, especially in the classroom.

Let's take pity on our fellow classmates and, too, the teacher shortage is bad enough without our making it worse.

G. S.

BETTY ANN MILLER

Miller Represents CHS in Contest

Betty Ann Miller is to represent Canyon High School in the contest for the D. A. R. Pilgrimage to Washington, D. C.

Superintendent E. A. Wooten appointed a committee consisting of Mrs. A. K. Knott, Miss Kathrine Davies, and Mrs. Nora E. Gilmore with Mr. T. L. Devin as chairman.

Points were judged on the following qualifications: personality, patriotism, scholarship, industry and dependability. The voting was close, but Betty Ann Miller edged both the other contestants.

In Betty Ann's high school years, her name was placed on the Burnum plaque, she was editor of The Eagle's Tale and Soaring Wings, a member of the A Cappella choir, the Junior Who's Who, and the Quill and Scroll. She was president of the FHA her freshman year, secretary of the SFC and vice-president of the Spanish club as a sophomore.

Edwin Connly Campbell, James Lee Campbell, and L. G. Campbell from Robert Lee High School, Robbert Lee, and Charles Ponds from Canyon, were four new students, who enrolled in the Superintendents office Monday morning, January 27.

Faculty members of CHS were treated to date loaf last Friday, while they were averaging grades, by James Rigsby. They affirm that he is a splendid candy maker.

Rowena Jones, an ex-student of Canyon High and who is now working in Amarillo, spent the week end with Odessa Scruggs.

Guthrie and Standley Selected

FRANCES STANDLEY

We are now presenting our new president, James Guthrie, and vice-president, Frances Standley, of the Student Faculty Congress.

Senior, James "Buck" Guthrie received the roll of president, after having a leading part in class activities since his high school days began. He was secretary of his freshman class, member of the Junior Honor Society, junior class president, member of the junior play cast in '46, Student Faculty Congress representative for two years, lettered in band four years, football one year, and basketball two years.

Vice-president, Frances Standley, is now a junior. She was president of her freshman class, carnival queen in '45, class favorite in '46, president of Spanish Club this year and secretary last year, member of the junior play cast in '47, and a member of the Future Homemakers of America for three years.

The Student Faculty Congress is the governing body of the high school. Two elected representatives from each class meet with Mr. Wooten to discuss school problems and affairs. The president presides over all the school assemblies and the vice-president substitutes when the president is absent.

New Books Deck Library Shelves

Thirty new books, costing $52.79, were recently added to CHS library which have been numbered and placed on the shelves.

They are listed as follows: Junior High, "Boy on Horseback," "The Bells of Leyden Sing," "Mistress Madcap," "Singing Sands," "The Gypsy Caravan," "From Coast to Coast with the U. S. Air Mail," "Steamboat Round the Bend," "The Seashore Parade," "Robeen," "Three Wilder'ness Scouts," "Adventure in the West," "Donn Fendler Lost on a Mountain in Main," "Pilot on the River," and "Treasure Three."

Senior High School: "Exploring Mysteries of Phy. & Chem," "Beyond Law," "Shadows at Noon," "Sank Same," "Flying the States," "Coronado"s Children," "How to Speak in Public," "Getting the Most Out of Life," "The Egg and I," "Sun in Their Eyes," "Flight," "God Runs My Business," "Green Dolphin Street," "The Cherokee Strip," "The Song of Bernadette," and "Treasure in Journey."

Other tasks which have been completed in the library are: rebinding books, re-arranging book shelves, moving the check counter, having lights worked on, and making a convenient outlet for the stylus.

Greenhands Enter Farwell Contest

Next Wednesday afternoon ought to be an exciting day for the Future Farmers of America from Canyon at the District Contest at Farwell.

The Junior Chapter will enter the contest with chapters from other schools in methods of conducting meetings.

The team from Canyon High School will consist of: Don Hickman, president; Jerre Inman, vice-president; Wayne Prichard, treasurer; Bob Jones, secretary; Glenn Prater, representative; Golden Currie, sentinel; and Cordell Mahler, advisor. This junior team will compete with senior teams of Farwell, Bovina, Dimmitt and Friona.

The second year boys will put on a farm demonstration and the winning greenhands will receive a pennant for the first, second and third place.

Help Keep Canyon Clean!

Test Papers Afford Teachers Chuckles

Do teachers ever get a laugh out of grading papers? Well, some of them do, especially, when it comes to these mid-term tests.

Mrs. Weeks is still chuckling over an answer she received when she asked her students to identify "Swing Low, Sweet Chariot." Some poor, weary student said it was a battle cry. (See what tests do to students.)

The definition for pollenation is the "transfer of pollen from the anther of the flower to the stegma of the flower," but Mrs. Kirkland had a paper that said it was the "transformation of plants."

As everyone knows there is always misspelling in a set of test papers and this time Miss Davies found a word that she didn't know the meaning of or how to pronounce it. The word was celuir (sp.). Also among her questions crysanthemums was spell this way—cransanmum.

One of Mrs. Gilmore's questions was: What was Diana's favorite diversion? This is one of the answers: "Looking at catalogues and reading stories." Her real diversion was hunting.

These are just a few of the funny answers, but there were more (Honest!).

Grade Notes

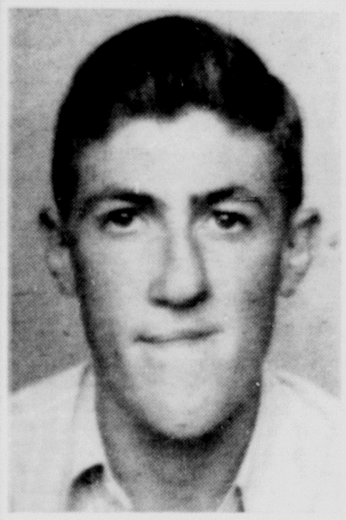
Sally Roden withdrew from Mrs. Murrell's second grade to enter a California school. David Hawkins suffered a tonsillectomy last week and is convalescing at his home.

Virgnel Cambell from Coke County entered Mrs. Goodman's room last week. Jerome Edwards returned to school after a three months illness. Gerald Mathis was absent all last week due to illness.

Phyllis and Dwayne Wallin withdrew from rMs. Usery's and Mrs. Black's rooms to enter West Texas Elementary School.

The sick list for Mrs. Brasher's fourth grade last week contained the following: Rita Joe Crow, Ruby Lee Hales, Juanelle Burrus, June Davis, Alice Simms and Laura Kinney.

Aviation gasoline consumption will double between now and 1950, climb steadily thereafter.



JAMES GUTHRIE

Homemakers Try Textile Printing

Girls of the Home Economics III class are now learning the fundamentals of the art of textile dyeing by stenciling designs on various articles. The girls create their own pattern and cut the stencil. They work out the color scheme, which they think will be best for the kind of material and occasion, and do the printing.

Here are a few of the girls who have finished their designs:

Earlene Davis has completed a head scarf with a monogramed design with her initials "HED."

Helen Spencer, designed a lovely head scarf of pink wool with purpleish-blue initials.

There will be many other beautiful and attractive articles made by this group during this next semester.

Glass Squares Make Test Passer Daft

Have you ever tried counting the number of panes of glass in the windows of this lil' old high school building? Have you even ever tried counting the windows? If you don't watch out while I am talking about this, that little-used thing called a brain may become warped and twisted, especially if one is in a hurry.

Well, what is the reason for my going around shooting off my head? I was actually ignorant enough to select this subject for a mid-term feature for my test. Now I feel even more "ignoranter" than ever.

First it was ok, counting off by two's, then by fours. The job was beginning to seem a little more rugged as I finished my counting the 145 windows, what with all those window panes adds up to 1904 little squares of glass.

You may not have as good an excuse for acting so half-witted as I have, but now the number has been totaled, and I hope this paper passes muster.

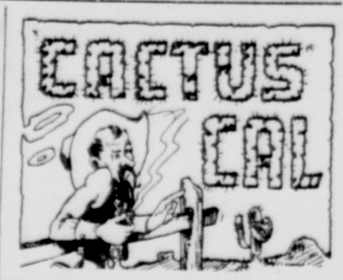
Faculty Presents Gift to Vernon

Honoring Mrs. Elizabeth Vernon, who will leave shortly for her new home in Albuquerque, New Mexico, the CHS faculty entertained her with a morning coffee last Friday.

As a going away gift, she was presented a pair of earscrews set with brilliants and a box of Conquest sachet bags.

For the past semester Mrs. Vernon has been instructor of English I and II, and Speech I. Since her husband is leaving to enter the University of New Mexico the second semester, she will accompany him and may teach in the Albuquerque system.

To date her successor has not been announced.



My—have you seen the new ring Pauline Seales is wearing these days? Seems she became engaged to Harold Woolsey last week end.

It just happened: Troy Burrus, Bruce Winn, and Albert Craig didn't have a very hard time getting acquainted with the Friona girls! Did you boys?

Suzanne Stephenson and Paige Carruth are at it again. At any rate, they were at the show Friday night, Church Sunday night, and a takin' in the game Monday night. Keep it up, kids.

Can you feature—Austell Burrus escorting Bobby Ford to the local cinema one night last week?

The eighth grade girls sure get around (with the Happy boys, that is.) In the past week some of the dates were; Bobby Foster and Bobby Stubblefield, Mary Ann Baker and Clinton Miller, and Ruby Bonds and Gary Barrett.

Why can't some people make up their minds, Billie Bonds? Who will it be—Ray McDonald or Billy May at Happy.

Katherine Furlow and Walton Byrd were seen sitting together in the show, Saturday night. What do you have to say about this Dwight?

Well. What's this? Seems that Sue Ann Colwell has been having a little difficulty in getting the daily paper. Paper boys, Dwight Moore and Carroll Wilson pick the most inconspicuous places to pitch it. One day, in making a survey she finds one on the roof, another behind a bush, both two or three weeks old.

What's this! A little birdie told me that Rita Gunter and Don Hickman were together Saturday night at the show. Well! Well!

James Inman seems to have taken a liking to Martha Jean Avent, anyway, they were seen together recently.

Maxine Barnard you lucky girl! Don't you wish you knew which "Frank" it was that sent you a dozen red roses at school Monday!

This Frank Heare, Marion McReynolds affair is getting too deep for words. Of course we can't leave Bernie Heare and Jennie Irving out. Peers to me you folks could find a more secluded spot.

It's a funny thing but Larry Roush and Louise Blewett always leave journalism early, now why could that be?

Winn, Abbott Honor Winners

Juniors Will Compete In Dimmitt Tourney

Canyon High now has two teams good enough to win tournaments! The CHS Junior High team went to the Friona Tournament Friday and Saturday, January 24 and 25, and walked off with the first place trophy.

The juniors went to the tournament expecting to play Texaco but the Texaco players did not show up so the home team won by default. They next had to play Pleasant Hill which they defeated 15-10. Joe Abbott and McCarter tied for high point man with five points each. That put them into the finals Saturday night.

Beat Friona

With an extra spurt of enthusiasm, the CHS juniors drubbed the Friona team 21-15. Joe Abbott paced the winners with nine points. They were presented the first place trophy immediately following the game.

Two Canyon players, Bruce Winn and Joe Abbott, won berths on the All-Tournament team.

Boys Make Trip

Boys making the trip were: Bruce Winn, Joe Abbott, Billy Cleavinger, Harold Martin, Billy Joe McCarter, Thomas Hooper, Charles Mobley, Carl Hair, Albert Craig, and Troy Burrus. Mr. Milton Sanders coached the boys and Harold Prichard went along as manager.

In two weeks the junior team will be heading for other scalps—this time at the Dimmitt Tournament.

Baptist Church Breaks Two More Records

The First Baptist Church of Canyon broke all previous attendance records for January in Sunday School and Training Union by registering averages of 392 and 166 respectively in these organizations, according to announcement of Pastor Roy L. Johnson.

Supt. Virgil Henson reports Sunday School average continues to climb, and records show the percentage of the Canyon church to be the best in the Plains group of 175 Baptist churches. Enrollment is larger than the resident church membership.

Miss Eula Potter, Director of the Training Union which is the expressional organization for all ages from nursery to adults meeting the hour before Sunday evening preaching service, reports the January average to be larger than any previous January, and the best in percentage in the Plains area.

Officials at the local church are grateful for the cooperation being given by Canyon and Randall County Baptists which makes these attainments possible. The pastor will preach in a special series of sermons from the Gospel of John, February 9-23, and a special feature of the night services will be a gospel motion picture every night. The pictures have been rented from the Scriptures Visualized Institute of Chicago, and have been specially screened to portray Bible truth. The pastor believes children and grown ups alike will enjoy them.

The Pleasant Joe 4-H Club met in the Canyon High School building Tuesday afternoon. Miss Lou Ella Patterson and Mrs. Roy Montgomery, sponsor, selected suitable colors for Dolores Dietz, Wanelle Montgomery and Peggy Bonds.

Mrs. G. A. Dietz, Dolores, Richard and Sylvester visited last week with Alford Dietz in an Amarillo hospital.

Mr. and Mrs. Roy Montgomery and family visited in the home of Mr. and Mrs. M. A. Hollabaugh Saturday evening.

Mr. and Mrs. Ben Buecker and family visited Mr. and Mrs. Henry Broman and family Sunday afternoon.

Mr. and Mrs. Bill Ewing and family of Tulia visited in the home of Mr. and Mrs. Floyd Bonds Sunday evening.

Mr. and Mrs. P. M. Elrod visited in the home of Mr. and Mrs. G. J. Bonds Sunday evening.

Mr. and Mrs. Earl J. Davis and family visited Sunday in the M. L. Davis home.

Mr. and Mrs. Paul Sullivan and daughter were guests of Mr. and Mrs. J. H. Dietz over the week end.

Mannon Nix and Milford Murphy of Shamrock visited with Earl Davis and Marian Davis over the week end.

Large Percent of Texas Teachers Have Resigned

Since 1941, 40% of the teachers of Texas have resigned their jobs. In the United States, 250,000 teachers have done the same thing. The main reason is poor pay. Results: A grave educational problem and one out of six of our teachers substandard. During the school year 1945-46, 4,700 teachers in Texas drew less than $1200 per year. Even though the withholding tax on this salary was very small, most all of these teachers are members of the Teacher Retirement System of Texas and contributed 5% of their salaries because of this membership. Hence, they had a take-home pay of less than what would be considered necessary to provide a bare subsistence.

Is this as it should be? Most everyone will tell you that it is not and that something must be done to remedy the situation.

A brief, yet careful study of the public schools in Texas will convince any citizen of the gravity of our educational problems. Such is the purpose of the series of articles to follow.

A study of the Constitution of Texas will show that it was the intention of the framers of our organic law that the state of Texas should provide for a system of public education in keeping with the needs of the citizenshiu. Article VII, Section I, reads: "A general diffusion of knowledge being essential to the preservation of the liberties and rights of the people, it shall be the duty of the Legislature of the State to establish and make suitable provision for the support and maintenance of an efficient system of public free schools."

In order to lay the foundation for carrying out this section of the state constitution, there was created a Permanent Free School Fund by using the vast public domain of the state for this purpose. The Permanent Fund now aggregates more more than $100,000,000. The interest from the investment of this fund is allocated to the available School Fund, and amounted to $2,770,685.19 for the school year 1945-46.

The Constitution also provided for the creation of County Permanent School funds by assigning to each county some 17,000 acres of land from the public domain. The principal of the 238 county Permanent Funds is approximately $11,000,000 and provided an income of $500,000 last year.

The Constitution also created the Available School Fund and provided that not less than "one-fourth of the revenue derived from state occupation taxes . . . " one dollar of the poll tax and ad valorem tax not to exceed thirty-five cents on the $100 of property valuation should be allocated to the Available Fund to be distributed annually for the support of the schools.

The Available fund is distributed annually on a per capita basis to approximately 1,500,000 children between the ages of 6 and 18.

Significant is the fact that no express limitation is placed in the Constitution on the powers of the legislature to levy additional taxes or make additional appropriations for the support of the public schools or for the establishment and maintenance of institutions of higher learning.

Has the state of Texas and local school districts made suitable provision for the education of the 1,500,000 children of school age in Texas? This will be the subject of succeeding articles in this series.

Need of Careful Driving Emphasized By State Office

An automobile collision can kill a human being just as certainly as cancer, and a traffic accident can cripple just as badly as poliomyelitis, and for this reason Dr. Geo. W. Cox, State Health Officer, urges Texans to protect their health and lives by using the utmost care on highways.

"It is the duty of the State Health Department to do everything in its power to foster good health and prevent as many needless deaths as possible," Dr. Cox declared, "and because so many Texans each year are killed, permanently crippled, or disabled for long periods of time through preventable accidents, I earnestly urge every driver in the State to do his conscientious best to help reduce the number of these tragic and often fatal smash-ups."

Dr. Cox said that it is a driver's responsibility to know that his lights, tires and brakes are in good condition; that he pay proper attention to traffic signals and road signs; that he give due regard to other drivers and pedestrians; that he use great caution at unmarked intersections, "and above all," he urged, "use common sense and follow a live-and-let-live policy when in your car, whether driving to the corner grocery, or going from coast to coast."

IT'S ALL IN THE MIND

When black pepper practically disappeared and white pepper became hard to get, many cafes served shakers with smaller holes. One restaurant operator plugged the holes entirely. Diners would shake the white pepper container. Nine out of 10, he said, thought they had peppered their meat and were content.

The housing program got the Wyatt Christmas it was dreaming of.

Buffs Capture First Open Air College Cage Tilt

Playing the first college open-air basketball game on a specially built basketball court in Miami's Orange Bowl Wednesday night, the West Texas State Buffaloes dropped Furman University from the ranks of the undefeated 45-43.

This victory, witnessed by 3500 fans, came in the nightcap of a doubleheader which saw Tulane trounce Miami University 61-39 in the opener.

On the way home, the Tall Texans were scheduled to tangle with LSU in Baton Rouge, but poor train connections caused a cancellation of the match. Coach W. A. Miller tried to match games with Rice and Houston University but was unable to do so.

The Buffaloes arrived in Canyon by train Sunday afternoon and now have a week in which to get in shape for their conference clash with always-powerful Texas Tech in Burton Gym Monday night, February 3.

Meet Tech

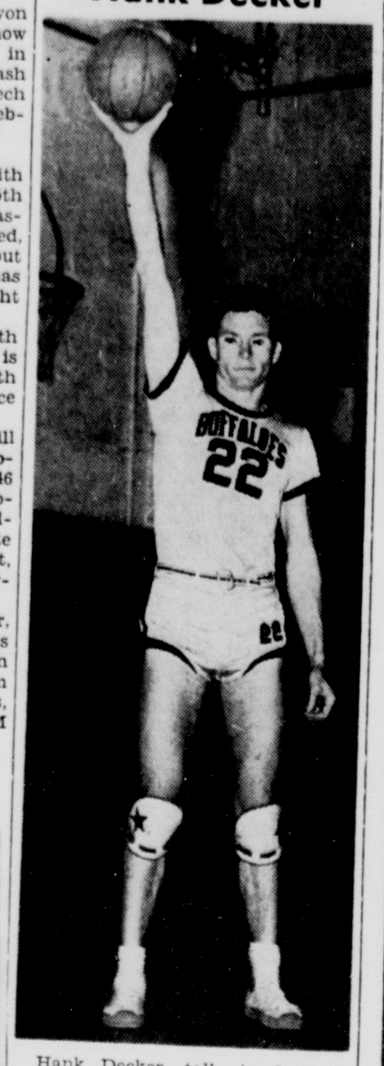
When the Miller Men tangle with the Red Raiders, it will be the 55th meeting of the two schools in basketball. Of the 55 games played, West Texas State has come out victorious 46 times while Tech has only beaten the Canyon crew eight games.

Texas Tech has rocked along with a mediocre season thus far and is presently occupying the seventh place slot in the Border Conference standings.

Heading the Lubbock attack will be Garland Head, dangerous sharpshooter and Jay Kerr, versatile 1946 all-conference forward. Other notables on the Tech squad are Walter Crews, former West Texas State basketeer and believe-it-or-not, Winston Churchill, sophomore forward from Sterling City.

After the Red Raider encounter, the Buffaloes take on Texas Mines here February 6 and then leave on a road-trip which will take them into the dens of Hardin-Simmons, Texas Mines, New Mexico A&M and New Mexico University.

Hank Decker



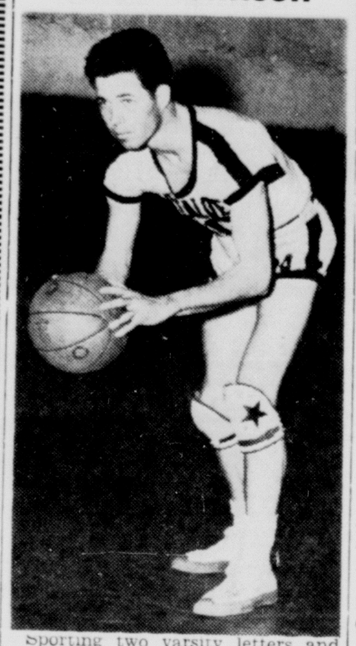
Hank Decker, tall six foot six Buffalo center, is currently the runner-up for high-scoring on the 1947 Maroon and White basketball team with 101 points.

This versatile hardwood veteran, lettered two years with the powerful Texas Wesleyan Rams of Fort Worth before coming to West Texas where he was high point man last year with 348 tallies.

Because of his great height and maneuverability, Hank is a great defensive player and is always a scoring threat to opponents. This year he was placed on the all-tournament team at the Emporia basketball meet along with Buffalo Captain Ledru Jacobs.

He is a senior, married and comes from Richmond, Indiana.

Chat Johnson



Sporting two varsity letters and a freshman letter, Charles (Chat) Johnson forms one of the two brother acts on this year's basketball quintet. Clark (Deacon) Johnson, his brother, alternates at center and forward.

In his last full year of play with the Buffaloes, Chat dropped in 242 points and has racked up 83 counters so far this season. Chat was elected captain of the Maroon and White cagers in 1943-44 but basketball was dropped that year and he didn't get to serve in that capacity.

This six foot one senior from Turkey served 16 months overseas in North China and Okinawa with the marines and returned to the campus only this fall.

He is married and lives in Hill Courts.

Help Keep Canyon Clean!

Remaining Schedule

Rolling along with a season record of seven wins and seven losses, the West Texas State Buffaloes have ten more games on the 1947 campaign calendar. All ten of these games are conference contests.

Feb. 3	Texas Tech	Canyon
Feb. 6	Texas Mines	Canyon
Feb. 7	Hardin - Simmons	Abilene
Feb. 12	Texas Mines	El Paso
Feb. 13	N. M. A&M,	Las Cruces
Feb. 14	New Mexico,	Albuquerque
Feb. 22	Arizona U.	Canyon
Feb. 26	Texas Tech	Lubbock
Feb. 28	N. M. A&M	Canyon
Mar. 1	New Mexico	Canyon

Big bugaboo of the hat industry, now prosperous in spite of high production costs, is fear that young men will feel they can't afford hats and will start a "no-hat" fad.

U. S. industry is entering a new era of greatly increased precision in making civilian goods. Instruments formerly confined to the laboratory are commonplace factory equipment. Examples: Photo-electric cells to control quality; x-rays to analyze paint, cosmetics and ink; spectrophometer to match colors.

"T-Day" means Tire-Day, and manufacturers say it will be here in 1947, with supplies in all sizes balancing demand—unless stopages prevent it.

Pre-packers of fresh and frozen foods no longer expect full production before mid-summer. Reason: Packaging machinery is still lacking; paper, burlap, glass, tin and other wrapping materials are hard to find.

1947 price on a railroad steam locomotive is $215,000. To earn the money to buy one the roads must hall a ton of freight 22.25 million miles.

Canning industry will use strict measures to conserve tin until supply and demand come into balance next year.

WHAT TO LOOK FOR IN A... FARM LOAN

DO you own a farm? Do you expect to buy one? In either case, you ought to have reliable, up-to-date information that will help you when you need a loan.

LOOK FOR THESE FEATURES

1. LOOK for the right to pay any amount at any time. You get it in the famous Farm Income Privilege.
2. LOOK for a reserve to tide you over lean years. You build one for yourself under the Prepayment Reserve Plan.
3. LOOK for tailor-made loan plans. You have a choice of 14 different plans at this bank—all at 4%—suited to your individual needs.
4. LOOK for extra charges. You will find none in your loan from this bank. No stock obligations . . . no fees or commissions to pay—only the usual abstracting or title policy and recording expense.
5. LOOK for a convenient, time-saving way to make your payments. You can pay interest and principal on your long-term loan through this bank.
6. LOOK for prompt, friendly, confidential service. You can be sure of it at this bank. No red tape. Your loan is made by the bank. You deal with home folks.

Now, through our special arrangement with The Equitable Life Assurance Society, this bank can offer you long-term real estate loans which have all these features. Ask for our free booklet.

PAY YOUR TAXES NOW

Your 1946 TAXES are now due and must be paid by the last day of January, 1947, to avoid penalty.

Both men and women are required to pay their poll tax. Unpaid poll taxes are a lien upon any real or personal property you may own, or come into possession of.

Those who were 60 years of age or more on January 1, 1946 are not required to have an exemption to vote; those who have moved into the county since January 1, 1946, are required to have an exemption; those who have become 21 years of age since January 1, 1946 or will become 21 before election are required to secure an exemption certificate during January, 1947, before they may vote in any of the elections during the year; no charge is made for these exemptions.

In 1947 automobile license fees cannot be paid before February 1st, 1947, but must be paid between February 1st, and April 1st, 1947.

WHO'S--- Your Tractor Repair Man?

Now that it is time to have your tractor checked and made ready for the crop season ahead, it is very important that you know the firm that repairs or overhauls it. Is it a firmly established repair headquarters with a reputation for square dealing? Is your repair man really conscientious about giving you complete and first class jobs? The men who comprise our Service Department are really more than mechanics as the name is generally used. They are men who have been picked and trained to be experts at their work.

We have a large stock of parts on hand now to enable us to give you a complete repair job.

BOYCE HOUSE "Gives You Texas"

"SO YOU DON'T LIKE TEXAS," by Virginia Spencer in "Holland's—a Texas Magazine":

This is your first trip to Texas, you have been here a few weeks and you are more than ready to go home. Texans are all right, but you just cannot get along with them. The facts are, they get into your hair, and you are annoyed because you let them.

You have been taught that if a thing needs to be done, then do it right now. Texans are a little different. They reason that if you wait until tomorrow or next year, maybe you will not have to do it. It usually works out that way, especially if there is somebody like you around all fired up to do it right now. Which is all right with Texas.

A native Texan would rather sit down and talk it over than get the job done. He likes to talk, and after he has told you his family history, he sits back expectantly, eager to hear you tell yours. If you fail to reciprocate, you are not friendly and, therefore, queer. After patient prodding if he still gets no results, he diagnoses your case. You are just a damnyankee, which means that you hailed from somewhere north of Red River. Lots of "furriners" from up nawth are real folks once you get to know them; but they are all a little "standoffish" at first.

To you, the "furriner" from up nawth (which means that you are from Kentucky or California) Texans seem nosey. It isn't that you have anything to hide, but you wonder why anyone should be interested in things which are, strictly none of their business.

There is only one way you can ruffle the easy going Texan. Ruffle him? You will make him fighting mad if you persist in it. That one thing is to try to change him, to teach him to become like you. He does not want to be like you. He confidently expects to live to put flowers on the graves of people like you, and he usually does. He reasons that if you don't like this country, you can go back where you came from. And sure enough you do.

Or maybe you don't. Possible circumstances detain you a while longer, an unwilling guest, in friendly Texas. What happens? Do you continue trying to change Mr. and Mrs. Texas into a composite of Messrs. and Mesdames Massachusetts, Maine, Michigan, and, Montana? No, you realize you might as well try to change the miles of grassy plains into a range of snow-capped peaks.

So you admit, a bit grimly perhaps, that Texans are Texans and that is that. And since you cannot change them, you must make the necessary adjustments to get along peaceably with them. But how? The answer is simple. Be yourself and allow them to be themselves. Do your job as it should be done when it should be done, and let their jobs go undone unless that interferes with your own work. In that instance, you may prod the native gently, and if he does not respond, then do your job and his too. He will smile tolerantly and think you are a sap.

With your drive, your success in Texas is assured. At the height of that success, you take a trip back home. You rush out to see old friends, to give them the glad hand. The first fellow you meet seems a bit cold, not half as glad to see you as you are to see him. It could not be that he is jealous of your success. No, impossible. He must be worried about something. Perhaps you were not sufficiently interested in him and his business. Should you look him up again, ask some friendly questions.

You meet some other friends, and they are all alike lacking in warmth and friendliness. None of them have done as well as you, doubtless due to the stiff competion in that country. But they should not resent your success. No, jealousy was not the answer. But what?

Disappointed in your vacation, you return to Texas, and feel a glow at the prospect of getting back into the old harness. Your Texas friends and acquaintances welcome you back, give you the glad hand; and say they missed you, ask interested questions, hope you had a nice trip. You are grateful for their interest, flattered by their warm welcome.

Alone, you ponder. What was the matter with the old friends back home? Don't you know? They are the way you used to be. You are a Texan now!

IN MEMORIAM

Written and dedicated to my beloved grandfather, Ralph M. Rusk, who passed away August 7, 1946.

"MY GRANDPA"

When daylight dawned this morning's sky
Our hearts were filled with pain
For we had lost one dear to us
No more to see again.

A man so good with heart of gold,
I'd love so since my birth;
It hurt me so to see him smile
His last farewell to earth.

We watched him suffer thru the months,
With not a word from him;
He'd smile and say that he felt fine,
A smile that soon would dim.

In manhood young he'd rode the range
And raised a family fine,
But now he'll ride a range of gold,
With pain and grief behind.

I saw the flowers on his grave
The mourners standing 'round
I saw the the grass that covered oer,
That little unearthed mound.

Of all the angels way up there,
I know he will be king;
And they will fly around his throne,
Their heavenly songs to sing.

Our hearts are heavy laden now
With memories hard to bear
And yet if he was here he'd say
Chin's up, there is no care.

Dear God in heaven hear my prayer,
From one of your big lot
Now that grandpa's there with you
Please give him the best you've got.

And tell him that we'll be there soon,
Because that is your law,
And God reserve a seat for me
Right next to my grandpa.

—Written by Malcolm Leon Rusk.

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion blends beechwood creosote by special process with other time tested medicines for coughs. It contains no narcotics.

No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

FORD Cuts Car Prices

HENRY FORD II SAYS:

"Although more than one million of our customers are waiting for delivery of their cars at present prices, we are immediately reducing the price of every Ford car—some models as much as $50. This is a down payment toward a continued high level of production and employment in the months ahead. We believe that the shock treatment of prompt action is needed to halt the insane spiral."
